

Washington County School District Club Application and Charter

General Information

It is the policy of the Washington County Board of Education to promote and advance curricular school clubs that enrich the education and lives of students. The Board also desires to allow students opportunities to form and organize student clubs that are not related to school curriculum.

There are two types of clubs which may be formed with the permission of the administration at each school:

Grades K - 12: School Clubs

School clubs may be formed which are directly related to the curriculum offered in the school. School curricular clubs are organized and directed by a faculty advisor.

Grades 7 - 12: Non-curricular Student Clubs

Non-curricular clubs are not directly related to the curriculum. These are initiated and operated by students enrolled in the school in question. The clubs are open to all students in the school and attendance is voluntary. Non-curricular student clubs are operated under the close supervision of a faculty supervisor.

Application Deadlines: In order to initiate or renew a school or student club, an application must be completed and submitted to school administration for approval by September 15 to be considered for a second semester charter and by January 15 to be considered for a first semester charter for the following school year. All clubs must renew their application and obtain administrative approval annually on or before the anniversary of their original charter.
